

## 2025 Land Use Update - Session 2

Greenbaum partner **Steven G. Mlenak**, Co-Chair of the firm's **Redevelopment & Land Use** Practice, will be on the faculty for the "2025 Land Use Update - Session 2," which will be held at the New Jersey Law Center on Friday, April 11, 2025, from 9:00am - 4:00pm. This full day presentation will be hosted by the New Jersey Institute for Continuing Legal Education (NJICLE) in cooperation with the New Jersey State Bar Association Land Use Law Section.

Attorneys across New Jersey regard this annual program as the definitive source for current information about land use practice. The panel of land use attorneys will lecture about recent regulatory, legislative, and case law developments impacting land use in New Jersey.

Steve concentrates his practice in the areas of redevelopment, land use, zoning, and real estate development. His clients include property owners and developers engaged in mixed use, residential, industrial, commercial, office, retail and affordable housing development projects. He provides guidance from the initial project concept through to construction, including land use planning and approvals, permits and variances and appearances before municipal, county and state planning and zoning boards and agencies.

Additional program information and registration on the [NJICLE website](#).
